North Polk Incoming 2nd Grade Families:

This fall we have created a new opportunity for your incoming 2nd Grader to participate in the 2021 Comet Football Skills Camp at North Polk.

The purpose of this weekly fall camp is to introduce and develop skills associated with football: sportsmanship, being a great teammate, throwing and catching a football, running, and having fun playing football. These skills will be introduced and developed during a weekly practice and used during games and each athlete will get a North Polk Youth Football. The camp and games will be played on Saturday Mornings. If you and/or your child is interested, please review dates below and mark on your calendars and included in the registration link:
